Good afternoon,

People of color make-up a little more than 5 percent of the population, and account for 11 percent of the jail population. We have racial bias and disparity here in New Hampshire and it is time to address this problem.

I am a citizen of NH with a multi ethnic heritage and we know that diversity improves businesses, economies and communities.

I am urging this commission to take steps to ensure this racial disparity is addressed. I am asking that we have legislation that will ban the choke hold, require public disclosure of arrests made with racial demographics, and require bias training and publish police records of complaints.

Thank you,
Gina Gaboian Frey
Amherst, NH
