To whom it may concern,

When we talk about police reform, we must talk about victimless crimes. An overwhelming amount of NH residents support cannabis legalization. It would bring tax revenue into the state!

Data shows that blacks are 4x more likely to be arrested for cannabis possession - we cannot look at police reform without looking at that! The ACLU showed states that have legalized cannabis have lower racial disparity. A majority of voters in NH agree it should be legal - lets make it happen in 2020!

All of our neighbors have legalized it and we are the LIVE FREE OR DIE state! It is time for NH to legalize cannabis!!!

thank you for your time,
