Hi Kim,

Here is additional information that can be included with my response into Director Scippa's response to the individual speaking on behalf of the deaf and hard of hearing.

See NHSP Captain Jeff Ladieu's email below which describes the driver visor card, the purpose, and where they can be located:

What does it Provide?

The driver visor card is to improve communication with the deaf and hard of hearing community when they encounter law enforcement or any communication challenges. The driver visor card can make traffic stops safer and easier if you have a **hearing impairment**. The visor cards can help prevent police misunderstandings and facilitate clear communication.

We encourage drivers with a **hearing impairment** to keep the **card** ready and attached to your sun **visor** for use if are pulled over.

Cards can be picked up at locations providing services to deaf or hard of hearing individuals, like the New Hampshire Division of Motor Vehicles; the New Hampshire Department of Education, Bureau of Vocational Rehabilitation; audiologists' offices; hearing care dealers; and law enforcement agencies. Download a card and get a complete list of locations distributing cards at

https://www.education.nh.gov/career/vocational/deaf_hh.htm
