Reference: NHPSTC Recommendations for Police/Community Engagement

To All Members of the Commission:

Attached herewith are my recommendations, as the Director of Police Standards and Training, regarding Police/Community Engagement. As stated in my memo covering training recommendations, all commission members are reminded that those items that deal directly with rule making and any mandatory changes that are directly attached to police certification, to include mandatory in-service training, would still need to be supported by the NHPST Council. Finally, it is my sincere belief that a number of excellent suggestions will come from the efforts of this commission. NH Police Standards and Training's ability to fulfill some of these recommendations will be directly related to available funding. I have tried to include a sense of what the fiscal impact would be for each recommendation.

Respectfully,

Director John V. Scippa
