Re: **UPDATE** of Implementation of Recommendations of the New Hampshire Commission on Law Enforcement Accountability, Commission, and Transparency

Governor,

In the interest of providing the mandated updates to the New Hampshire Commission on Law Enforcement Accountability, Community, and Transparency under Executive Order 2020-19, The New Hampshire Liquor Commission, Division of Enforcement and Licensing is pleased to report on the full implementation of a Peer to Peer Support Unit. We look forward to working with National Alliance on Mental Illness (NAMI) and other Peer Support Units throughout our state and nation to make this unit as robust as the “Gold Standard” this field provides.

Also, the Division has continued communication with body camera vendors to seek alternative solutions and is coordinating a request for purchase (RFP) for body worn cameras. We are anxiously awaiting the outcome of that process. As you will see in our outline of applicable Directives, 99% of them are **Completed** and our residual percentage is **In Process**. We look forward to reporting monthly on our progress and should be at full implementation prior to July 01, 2021.

Respectfully,

Chief Mark Armaganian
Director of Enforcement
New Hampshire Liquor Commission
