Thank you all for participating on this commission.

I am aware of a no-knock drug search warrant execution that occurred in Concord in 2019. During the execution of that warrant service, Central NH Special Operations Unit mistakenly entered the wrong apartment with force. Fortunately, that resident was unharmed.

The commission needs to consider the abolition of no-knock warrants in drug search cases and the need for express prior judicial authorization in any other no-knock warrant service.

Thank you for your time.
