My name is Bradford Hutchinson. I have lived in Keene, where I was born, since 1987. I returned to N.H. in 1983, after living in several other states. It's not my intention at this time to go into my own personal experience in too much detail. That would be too "triggering", as the leftists say. But I am compelled to speak out, and begin the process of TESTIFYING as both a VICTIM of police misconduct in N.H., and as a subject matter expert in some areas which bear a direct relevance to the committee's work. Unless a fuller public disclosure is made, I must object to the inclusion of the racist BLM group. BLM, through "ActBlue", is part of the fundraising arm of the Democrat party. Paid outside agitators are using BLM as a cover for various illegal activities, including arson and looting, as we have seen in many large, mostly Democrat-run cities. BLM has no way to vet or verify, or ID, who is, or is not a BLM member. I have yet to see BLM's IRS Form 990's, to better understand myself how the money flows into and through BLM. And as a proud Native American POC myself, I assure you that BLM does NOT speak for me. I personally consider BLM to be a racist hate group. But that's my problem, and I'm OK with that.

Another deep concern of mine is the inclusion of Mr. Ken Norton of "NAMI" on the Committee. Mr. Norton is an apologist for PhRMA, and pushes a debunked narrative on so-called "mental illness" and the pseudoscience known as "psychiatry", which is also a tool of social control, and a drug racket. Psychiatry has done, and continues to do, far more harm than good. Unless you're very familiar with the work of critical psychiatrists such as Dr. Thomas Szasz, and Dr. Peter Breggin, - only 2 among many, - then no, you really do NOT know what I'm talking about. Because too often, police are the dupes, victims, or unwitting accomplices of the lies of psychiatry. And Lord knows, we guilt-ridden honkies love our lying cover-ups here in N.H.

For serious consideration of the Council, it is my intention to submit my ENTIRE Police Record to the Council. To this end, I have cc'd both Keene Police Chief Steve Russo, and KPD Lt. Shane Maxfield. I had an excellent working relationship with KPD under then-Chiefs Kenneth Meola, and Brian Costa. Chief Costa shot himself to death on March 9, 2017, and Chief Meola now retired, works in South Carolina. I still carry daily the "Lenco Bearcat" coin then-Captain Costa gave me when I spoke strongly in favor of Keene acquiring the Bearcat to the Keene City Council 10 years ago, in the face of strong local delusional opposition based on the bogus notion of "militarization of the police". I strongly support the police, despite KPD's decades-long record of filing fraudulent charges against me, and even fraudulent convictions based on the well-established police practice of "testilying". I can document numerous cases of fraud and falsification in my own KPD record. In short, COPS LIE, and the system as it is allows, facilitates, and encourages that lying, to the detriment of all concerned. Without testimony from victims such as myself, and FULL and OPEN conversation, the Committee risks being just another feel-good circle jerk and pandering sop to the liberals and vocal radicals such as BLM. RED LIVES MATTER, TOO!....

Sadly, Chief Russo has chosen to butt heads with me recently, and I see little hope of

constructive dialog with him. Lt. Maxfield, on the other hand, has been my friend for over 25 years, since shortly after he joined KPD. In 1998, I was the victim of a Police Riot at my home, by KPD, based on lies told by employees of Monadnock Family Services who falsely claimed that I was "suicidal", which I was NOT. KPD surrounded my home and literally dragged me out naked at gunpoint in handcuffs. The pain of the trauma has largely healed, but such trauma IS LIFELONG. The Chief in 1998 was Mr. Thomas Powers, who is now a Keene City Councilor.

Abuse of power, - OFFICIAL OPPRESSION under N.H. RSA, - is no doubt one of the LEAST REPORTED CRIMES that exists.

And, how can the police be seriously and honestly expected to investigate, much less prosecute crimes which they themselves commit?... The absurd and archaic "Police Prosecutor" system which N.H. still suffers under, is a key driver of such corruption. I cite as a sterling example then-Keene Police Prosecutor Eliezar Rivera taking a series of completely LEGAL acts, and somehow fabricating them into a bogus and fraudulent "criminal prosecution", which was almost laughed out of Court by the defense attorneys. Such acts bring shame and disgrace to good and honest cops, and erode Public Trust in Law Enforcement. Unless the Committee is willing and able to take a long, hard, and painful look at ALL forms of police misconduct, and hear from the VICTIMS, such as myself, the Committee will fail to effect any needed changes, and will be little better than a white-washing party....a political STUNT.

I have barely begun here to say what needs to be said, and I thank you all for your time and attention here.

AFFADAVIT: I, Bradford Hutchinson, do hereby swear and affirm, that ALL of the testimony which I have given here, is true, accurate, and as complete as circumstances presently allow.

Signed,

Bradford Hutchinson, Keene
