Hello Members of the Commission,

I am emailing because I have not been able to make contact with the Commission directly. I am New Hampshire resident and I have experience implementing Community Conscious Policing. I work for [www.t4tsaveslives.com](http://www.t4tsaveslives.com) and we have worked with law enforcement agencies and Governors' Commissions in Vermont, California, Washington, and Oregon. There is no group with a track record as extensive as ours in regards to police accountability in the United States. I have tried to contribute testimony to the Commission's hearing, but I have not been able to reach you via email or phone after multiple attempts.

Most efforts to implement change regarding Law Enforcement accountability fail, largely because greater efforts to include community members like me, who should be leading the process, don't happen. I would like someone from the commission to get back to me so that I can participate. I would also like the record to reflect that the Commission's process so far is not including New Hampshire residents who are victims of police brutality like myself. The presence of representatives from the NAACP, BlackLivesMatter, and the ACLU doesn't not replace my voice.

Please reach out to me to get me involved at : (603) 371—0824 or [ivor@sagamonadnock.com](mailto:ivor@sagamonadnock.com).

Sincerely,

Ivor Edmonds
